\*Per year. Vocal Music taught, more or less, as an exercise in all the Schools.

## REMARKS.

In presenting this our Fourth Annual Report, we have very little to add, by way of remarks, which is not already known and fully appreciated by all our people; for though the schools have all been more or less broken up, especially during the last term on account of sickness of teachers and pupils, they have all maintained their excellent standing, and the closing examinations showed most satisfactory results. In the exchange of teachers, whenever necessary, we have been in every instance fortunate in our selections, and all the teachers have labored constantly and hard to keep their several departments up to the required standard.

We have been obliged to make several changes during the year in our graded, village schools, on account of the large number entering the Primary department, there being 104 different scholars registered by Miss Thomas during the Spring term, which was more than any one teacher could attend to, and more than any one school room could accommodate. To remedy this difficulty, after a careful consideration, we divided the Primary department into two schools, viz.: the 1st and 2d Primary, and put a new teacher in charge of the 2d Primary, or lowest grade; and to make room for this new department, we removed the Grammar grade into the High School room, where there was plenty of room, and where, with the use of the small recitation room for the Grammar classes, and, with the teacher of the Grammar grade as assistant in the High School, the work has been highly satisfactory, even beyond our expectation. This left a vacant room, and, moving the several grades forward, has made accommodation for the present for all the scholars. Any other move, however, requiring more room, as the number increases, will be more difficult to make, for the present building cannot accommodate more, and the future welfare of the district may require additional school buildings, or a new and more commodious one, which would be far better. Our financial report shows that the District is in good condition, the money raised has been carefully expended, and all the interest on the debt, which it has been possible to pay after the payment of all necessary expenses, has

been paid. We earnestly recommend, however, that at the next school meeting, a sufficient sum be raised to pay, at least, the balance of the debt due by reason of the new school building in the J. M. Heath District.

The new law requiring books to be furnished by the town, having gone into effect during the year, we have made a few changes, but only those absolutely necessary, preferring to wait until the end of the school year before any general change is made, and to give opportunity for the necessary appropriations. And we also recommend that a new bell be procured for the High School building, the present one being wholly unfit for use.

An interesting feature at the close of the school year, ending with the next term, will be the graduation of the first class in the High School. The graduation of such a class always marks an important era in the lives of those reaching that period, and it is fitting that it should be made as important and interesting as befits the occasion. It is a matter of pride that we can educate our children in our own schools, so far at least as is necessary to fit them for any of the ordinary business of life, and we trust that not only the parents of the graduates, who are the most interested in them, but all our people, who have regard for the education of their children, will give their aid and encouragement to the end that it may be a perfect success,

GEO. E. TUBBS,	} School Board of Gorham, N. H.
THOS. GIFFORD, 2d,	
A. S. TWITCHELL,	

We have carefully examined the report of the School Board, and the vouchers for all the bills rendered as reported, and find the same to be correct.

C. G. HAMLIN,	} Auditors.
J. T. PEABODY,	

GORHAM, N. H., March 1, 1890.
